

WALNUT COLLECTION

DESIGN BY RONAN AND
ERWAN BOUROULLEC AND HEE WELLING

HAY

WALNUT COLLECTION AAC, AAS & CPH

As a new addition to the existing variants, selected models of Hee Welling's iconic About A Chair & About A Stool series and the Bouroullec brothers' Copenhagen Table series are now available in walnut. This type of wood has a characteristic rich, deep shade of brown and is known for its strength and durability. Its vibrance and natural beauty create a classic, natural appearance, which is well suited to the timeless aesthetics of the AAC, AAS and CPH series.

RONAN & ERWAN BOUROULLEC

Ronan & Erwan Bouroullec the Paris based design brothers from Brittany have been working together since 1998. Ronan is a graduate of the École supérieure des Arts décoratifs in Paris and Erwan attended the École nationale supérieure des Arts in Cergy before starting their own studio. Together Ronan & Erwan Bouroullec have transformed the design industry and offered new perspectives of materiality and purpose. For Hay, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa and Élémentaire Chair.

HEE WELLING

Hee Welling is a Danish furniture designer who founded his own studio in Copenhagen in 2003. Welling has received a number of design awards, including the Bo Bedre Award (Denmark), Good Design Award (USA) and has been nominated as the Danish designer of the year in both 2013 and 2014. Welling is the son of a cabinetmaker, and his fascination with production techniques, materials and machinery was fired as a child. He went on to study at The University of Art and Design in Helsinki, and received his master's degree in furniture design from The Royal Danish Academy of Fine Arts (where he is also now a design tutor). His design ethos is centred around the idea of creating technically accomplished products that can reach a wide audience. His work is characterised by a great sense of proportion and quietly elegant looks. For HAY, Welling has designed the About A Collection and the Hee Chair, Lounge Chair and Bar Stool.

PRODUCT FACT SHEET

HAY

AAC 12

DESIGN BY HEE WELLING & HAY, 2010

With its gently curved open shell and symmetrical solid base, the About A Chair AAC 12 design offers a refreshingly pared back expression that is consistent with the rest of the series. The lack of armrests ensures a clean, clutter-free silhouette, whilst the shaped back provides optimal comfort. The wooden frame with elegant, rounded legs conveys warmth and character, and ensures greater stability and a longer lifetime. The polypropylene or upholstery shell and solid wood base are available in a wide range of options.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- Variability of shell colours and base finishes.
- Available with plastic shell, with front upholstery (AAC 12) and full upholstery (AAC 13) in a large selection of fabrics and leathers.
- Other base options are: 4-leg steel base, swivel base, wheel base, sled base and moulded plywood legs.
- Shell is also available with armrest.
- Available in an EU-ecolabelled variant with recycled PP.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

Solid beech wood with black water based lacquer. Featuring adjustable glider.

CONSTRUCTION

The tabletop has a pre-mounted aluminum slide mechanism with lock and solid oak wood crossbars. It rests upon two sets of angled solid oak wood legs, which needs to be mounted to the tabletop. The tabletop has threaded inserts for easy attachment and disassembly with machine screws. A suppt leg is available in black painted solid beech, which is required when adding three or four extension leaves. The leg is inserted into a steel keyhole bracket on the slide mechanism.

PRODUCT FACT SHEET

HAY

CPH 90 DESK

DESIGN BY RONAN & ERWAN BOUROULLEC, 2012

The CPH90 brings classic desk aesthetics into a modern context. The Bouroullec brothers' simple yet graceful asymmetrical legs coupled with the streamlined tabletop results in a functional, compact and uncluttered design. The table frame is available in different wood types with varying finishes, with the tabletops offered in different materials and finishes. The Copenhagen Desk's versatile and elegant design makes it suited to most commercial or educational environments, as well as being ideal for working at home.

HIGHLIGHTS

- Multi-functional family of tables in different shapes, sizes, materials and colours.
- Variability of veneer, laminate and linoleum colours and frame finishes.
- The table is available as round table with three legs (CPH 20), round table with four legs (CPH 25) and rectangular table (CPH 30).
- The series also includes an extendable version (CPH 30 extendable) and desks (CPH 10, CPH 190).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
